## Child Safeguarding Policy

*“Every child is a different kind of flower and all together make this world a beautiful garden.”*

### **Purpose**

Buds Public School (BPS) is a safe and secure place where children have a fundamental right to feel safe and protected from any form of abuse. Therefore we aim to provide secure, caring environments, highly skilled and aware staff, and a curriculum which promotes self-esteem, nurtures well-being and empowers children to protect themselves. Wellbeing and safety of our students are our first priority.

All staff and volunteers who work alongside children are thoroughly checked to ensure they present no threat to young people. Where allegations are made against adults or other young people, these are always treated seriously and investigated by the appropriate authority. Where necessary, such investigations may be handed over to agencies outside the school to take action.

The Principal and all other staff who work with children undertake appropriate training to equip them to carry out their responsibilities for child protection effectively. Temporary staff and volunteers who work with children are made aware of the school’s arrangements for child protection and their responsibilities.

All students have been informed about the first line of information/complaints and they are aware of to whom they should approach.

BPS recognizes that it helps children keep safe through the teacher of self-protection skills and encouragement of responsible attitudes to adult life through a life skills or a similar personal, social and health education/citizenship program.
